"IMMERSE YOURSELF
IN A WHOLE
NEW WORLD"

ARACIKAN

About.

Aracikan has adopted quality and sustainability as principles in every field since the first day it was founded; It is a development-oriented furniture manufacturer that has managed to maintain its strong corporate structure built with these principles until today.

The brand journey of Aracikan Furniture, the foundations of which were laid by Orhan Aracikan in the early 1990s; It has turned into an inspiring story from a 300 square meter manufacturer's workshop to international factories. With the investments made in furniture and sofa production over the years, the production facilities have been expanded to 16 thousand square meters of closed area. Aracikan has a second factory of 10 thousand square meters in Tabriz, Iran.

Aracikan, which continues to grow day by day with its visionary approaches centering on quality products and customer satisfaction, is taking firm steps towards becoming a brand that has a say in national and global markets with its ever-increasing production and branding investments. The company has stores in many countries abroad.

Its activities; Aracikan, which operates in İnegöl, the symbol city of Turkish furniture, is the universal symbol of luxury and modern style. It offers extraordinary collections to its consumers around the world with its lines. sofa and furniture Aracikan, which has managed to appeal to the tastes of all segments of society with its distinctive designs in its group, has attracted many customers. It also closely follows sectoral trends by participating in international fair organizations.

Aracikan rapidly continues its global growth by interpreting realistic market targets with rational and principled marketing strategies; continues to design modern living spaces that care about consumer comfort and aesthetic norms.
